APPENDIX II.

[Vide answer to starred question No 2661 asked by Sri M. Kalyanasundaram at the meeting of the Legislative Assembly held on 21st November 1955, page 15 supra.]

EXTRACTS FROM THE PROCEEDINGS OF THE FIFTEENTH MEETING OF THE UNIVERSITY GRANTS COMMISSION HELD AT ALIGARH ON THE 9TH AND 10TH AUGUST 1955.

Proposals regarding the salary of University teachers.

A. (i) The Commission resolved that improvement in the salaries of University teachers should receive the highest priority and that steps be taken to procure the following minimum requirements with regard to the teachers' salaries in University departments and in colleges which may be brought under the purview of the Commission in accordance with the provisions laid down in the University Grants Commission Bill.

[21st November 1955

(ii) The minimum starting salary for a Lecturer shall not be less than Rs. 250 and the minimum annual increment shall be Rs. 20 and the scale of pay shall go upto at least Rs. 500. (All categories of Lecturers were to be included in this scheme.)

(iii) The minimum scale of pay of Readers shall be 500—25—800 and that of Professors Rs. 800—50—1,250.

(iv) The minimum pay for other classes of teachers, below that of a Lecturer, whatever their designation may be, shall be not less than Rs. 150. It was understood that such employees are ordinarily appointed for short periods only.

(v) It was agreed that where the present scales of pay are superior to these minimum scales of pay recommended by the Commission the existing scales should continue and not be brought down to the minimum scales proposed.

(vi) It was also agreed that in placing persons in the new scale, one increment shall be granted for every three completed years of service.

(vii) It was further agreed that persons in receipt of personal allowances under the present scheme of the University Grants Commission shall continue to draw a salary equivalent to the total emoluments (pay *plus* personal allowance) now received by them, if these are higher than what their salary would be in the new scheme, provided, however, that the difference between the present emoluments and the emoluments under the new scales shall be treated as personal allowance to be absorbed in the future increments in the new scale.

(viii) The Commission's intention was to make these improvements a permanent feature.

(ix) The Commission also decided that the expenditure involved in the above proposal shall be shared by the University Grants Commission and the State Governments in the ratio of 80 :20 during the Second Plan period.

(x) Any other consequential increase in expenditure in connection with the salaries (such as provident fund, dearness allowance, etc.) shall be borne by the Universities themselves.

(xi) These proposals shall take effect from 1st April 1956.

B. (i) The Commission, while desiring that the scales of pay proposed for the Universities should apply to corresponding staff in affiliated colleges also, recommended that at least the following minimum scales should be made applicable as from the 1st April 1956 to affiliated colleges :—

	RS.
Principals	600—800
Heads of Departments	400—700
Teachers, Class I	300—500
Teachers, Class II	200—400

21st November 1955]

(ii) The Commission also recommended that the increased cost under this head should be shared equally between the Central Government and the State Governments.

(iii) It was resolved that this recommendation be forwarded to the Ministry of Education for further necessary action.

C. It was further resolved that the question of revising the salary scale of teachers in technical institutions be considered at the next meeting of the Commission and that, in the meanwhile, information from the A.I.C.T.E. may be called for and placed before the Commission.

APPENDIX III.
